## Oriental launches Eco-friendly Green Slim Projector

Oriental Services AV [BD.] Ltd. recently has launched the world's first mercury free, eco-friendly Green Slim Projector. Casio has

applied its unique new Laser and LED Hybrid Light Source to achieve breakthrough development of a mercury free-high-brightness projector. Adopting a new semi conductor-based system enabled Casio to realize a long light source life of approximately 20,000 hrs. Casio's innovative mobile styling has resulted in an A4 that measures just 43 mm in thickness and 2.3 kg in weight. It slips neatly into a slim briefcase and travels with you easily to presentations outside your office. For Contact : 01711902109, 01817047313.
